What Actavo Was Looking For

INSTALLING A STRUCTURE FOR SUCCESS

With a large global, off-site workforce, Actavo needed a software solution that could improve how they currently managed health and safety but also adapt to future circumstances.

Their main requirements

Ease of use

01

Ease of deployment

02

Agility to grow
with their dynamic
business

03

Enhance visibility
for senior management

04

Implementation of
an 'easy to engage'
reporting culture

05

Easily identify key
trends and track
leading indicators

06

Actavo's Health and Safety Mission

From installation to innovation:
Everything rests on the data.

Data-driven decision making is at
the heart of Actavo's health and
safety transformation.

We are committed to
providing our entire
workforce with a health
and safety voice, from
those in a health and
safety role to operations
to crew members.

Actavo was dedicated to bolstering their 'Work Safe- Go Home' culture.

THE SOLUTION

Actavo and Assure

Technology that transforms health and safety
via data-driven decision making

Evotix implemented its
configurable health and
safety software solution,
Assure, to support Actavo in
the collection, understanding
and response of health and
safety data.

OUTCOME

Health and safety is embedded in Actavo's DNA

01

Increased accessibility

The AssureGO+ mobile app makes it simple for anyone, anywhere, to report on health and safety practices 24/7.

02

Identify trends

Assure's Business Intelligence tool allows Actavo to track leading indicators and analyse the events behind the data to decide where preventative measures will be more effective. The central team has access to easy-to-read dashboards which display all key health and safety metrics.

ACTAVO WITH ASSURE

Where active dialogue is the norm. To date, using Assure, Actavo reports:

97,000

AUDITS/INSPECTIONS

8,800

INCIDENTS REPORTED

50,600

BEHAVIOURAL SAFETY HEART CONVERSATIONS

48,000

NEAR-MISSES RECORDED

21,300

CORRECTIVE ACTIONS COMPLETED

INCREASE DATA COLLECTION

Actavo has seen major improvements in the quality and volume of safety information captured and delivered to senior management.

The development of a comprehensive suite of dashboards and reports. Incorporates Business Intelligence tools and provides central teams with accurate visibility of all health and safety management activities.

This included

01 Sub-contractors

02 Plant and equipment

03 PPE

04 Hazardous materials

05 Training and refresher training

06 Inspections

07 Audits

08 Risk assessments

20%

Decrease in incident rates

A 20% year-on-year reduction in incident rates, a clear demonstration of operational leaders actively engaging with the SHEQ team.

This is made possible by Assure, which has helped Actavo translate high-quality data into tangible, relevant insights that influence nearly all business activities across the organization.
